CONSTRUCTION UPDATE

This E-blast is intended to keep stakeholders updated on construction work being undertaken on **W. St. Paul** in conjunction with The Milwaukee Streetcar.

Work on West St. Paul on the first segment of The Milwaukee Streetcar Route is beginning today

- 2nd Street will be closed at W. St. Paul and will remain closed through the end of June as track installation work is done from Plankinton to the west. Those exiting the parking lot on S. 2nd or the condo lots/garages should use the alley to 3rd to go northbound
- 3rd Street will be closed at W. St. Paul on Wednesday and will also remain closed through the end of June.
- The contractor will begin by milling (grinding off) a strip of pavement on either side the track slabs on W. St. Paul. By milling, it will be easier to match the old pavement with the new pavement after the track installation is completed. Pavement breaking and removal for the track slabs will begin shortly thereafter. Parking will be restricted on W. St. Paul and one lane of eastbound traffic will be retained. Westbound traffic should use Clybourn.

Thank you for your interest and your patience. If you have any questions or would like to be removed from the weekly E-blast list, please "respond" and let us know. The construction team meets most Friday mornings from 9 to 9:30 a.m. upstairs at the Milwaukee Public Market. Stakeholders are welcome to stop in if you have questions or concerns or if you just want an update on streetcar construction progress.
